SECTION: OPERATIONS
TITLE: Suicide Awareness,
Prevention and Response
APPROVED: July 13, 2021
REVISED:

No. 819 - Suicide Awareness, Prevention and Response

Purpose

The Board is committed to protecting the health, safety and welfare of its students and school community. This policy supports federal, state and local efforts to provide education on youth suicide awareness and prevention; establish methods of prevention, intervention, and response to suicide or suicide attempt; and to promote access to suicide awareness and prevention resources.

Authority

In compliance with state law and regulations, and in support of the district's suicide prevention measures, information received in confidence from a student may be revealed to the student's parents/guardians, the building principal or other appropriate authority when the health, welfare or safety of the student or any other person is deemed to be at risk.

Guidelines

The Charter School shall utilize a multifaceted approach to suicide prevention which integrates school and community-based supports. The Charter School shall notify employees, students and parents/guardians of this policy and shall post the policy on the school's website.

SUICIDE AWARENESS AND PREVENTION EDUCATION

Protocols for Administration of Student Education

Students shall receive age-appropriate education on the importance of safe and healthy choices, coping strategies, how to recognize risk factors and warning signs, as well as help-seeking strategies for self or others including how to engage school resources and refer friends for help.

Lessons shall contain information on comprehensive health and wellness, including emotional, behavioral and social skills development.

Protocols for Administration of Employee Education

Employees shall receive information regarding risk factors, warning signs, response procedures, referrals, and resources regarding youth suicide prevention.

As part of the school's professional development plan, professional educators serving students in grades six (6) through twelve (12) shall participate in four (4) hours of youth suicide awareness and prevention training every five (5) years.

Additional professional development in risk assessment and crisis intervention shall be provided to guidance counselors and school nurses.

Resources for Parents/Guardians

The school may provide parents/guardians with resources including, but not limited to, health promotion and suicide risk, including characteristics and warning signs; and information about local behavioral/mental health resources.

METHODS OF PREVENTION

The methods of prevention utilized by the Charter School include, but are not limited to, early identification and support for students at risk; education for students, staff and parents/guardians; and delegation of responsibility for planning and coordination of suicide prevention efforts.

Suicide Prevention Coordinator - A suicide prevention coordinator shall be designated by the Director/CEO. This may be an existing employee (e.g. school counselor). The suicide prevention coordinator shall be responsible for planning and coordinating implementation of this policy.

Early Identification Procedures

Early identification of individuals with one (1) or more suicidal risk factors or of individuals exhibiting warning signs, is crucial to the school's suicide prevention efforts. To promote awareness, employees, students and parents/guardians should be educated about suicidal risk factors and warning signs.

Warning signs are indications that someone may be in danger of suicide, either immediately or in the near future. Warning signs include, but are not limited to:

- Expressions such as hopelessness, rage, anger, seeking revenge, feeling trapped, anxiety, agitation, no reason to live or sense of purpose.
- Recklessness or risky behavior.
- Increased alcohol or drug use.
- Withdrawal from friends, family, or society.
- Dramatic mood changes.

Referral Procedures

Any employee who has identified a student with one (1) or more risk factors or who has an indication that a student may be contemplating suicide, shall refer the student for further assessment and intervention.

Documentation

The school shall document the reasons for referral, including specific warning signs and risk factors identified as indications that the student may be at risk.

METHODS OF INTERVENTION

The methods of intervention utilized by the school include, but are not limited to, responding to suicide threats, suicide attempts in school, suicide attempts outside of school, and completed suicide. Suicide intervention procedures shall address the development of an emotional or mental health safety plan for students identified as being at increased risk of suicide.

Procedures for Students at Risk

A school-approved suicide assessment instrument may be used by trained mental health staff such as counselors, psychologists, social workers.

Parents/Guardians of a student identified as being at risk of suicide shall be notified by the school. If the school suspects that the student's risk status is the result of abuse or neglect, school staff shall immediately notify Children and Youth Services.

The school shall identify mental health service providers to whom students can be referred for further assessment and assistance.

Mental health service providers – may include, but not be limited to, hospital emergency departments, psychiatric hospitals, community mental health centers, psychiatrists, psychologists, social workers, and primary care providers.

The school shall create an emotional or mental health safety plan to support a student and the student's family if the student has been identified as being at increased risk of suicide.

Students With Disabilities

For students with disabilities who are identified as being at risk for suicide or who attempt suicide, the appropriate team shall be notified and shall address the student's needs in accordance with applicable law, regulations and Board policy

If a student is identified as being at risk for suicide or attempts suicide and the student may require special education services or accommodations, the Director of Special Education shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations and Board policy.

Documentation

The school shall document observations, recommendations and actions conducted throughout the intervention and assessment process including verbal and written communications with students, parents/guardians and mental health service providers.

The Director/CEO or designee shall develop administrative regulations providing recommended guidelines for responding to a suicide threat.

METHODS OF RESPONSE TO SUICIDE OR SUICIDE ATTEMPT

The methods of response to a suicide or a suicide attempt utilized by the school include, but are not limited to:

1. Identifying and training the school crisis response/crisis intervention team.
2. Determining the roles and responsibilities of each crisis response team member.
3. Notifying students, employees and parents/guardians.
4. Working with families.
5. Responding appropriately to the media.
6. Collaborating with community providers.

The Director/CEO or designee shall develop administrative regulations with recommended guidelines for responding to a suicidal act or attempt on school grounds or during a school-sponsored event.

Re-Entry Procedures

A student's excusal from school attendance after a mental health crisis and the student's return to school shall be consistent with state and federal laws and regulations.

The Director/CEO or designee shall meet with the parents/guardians of a student returning to school after a mental health crisis, and, if appropriate, meet with the student to discuss re-entry and applicable next steps to ensure the student's readiness to return to school.

When authorized by the student's parent/guardian, the designated employee shall coordinate with the appropriate outside mental health care providers. The designated employee will periodically check in, as needed, with the student to facilitate the transition back into the school community and address any concerns.

REPORT PROCEDURES

Effective documentation assists in preserving the safety of the student and ensuring communication among school staff, parents/guardians and mental health service providers.

When a district employee takes notes on any conversations or situations involving or relating to an at-risk student, the notes should contain only factual or directly observed information, not opinions or hearsay.

As stated in this policy, school employees shall be responsible for effective documentation of incidents involving suicide prevention, intervention and response. The suicide prevention coordinator shall provide the Director/CEO with a copy of all reports and documentation regarding the at-risk student. Information and reports shall be provided, as appropriate, to guidance counselors, district mental health professionals and school nurses.
